

Model 73099

Right-Angle Mounting Safety Jack for PCB

Features

- Ideal for mounting and making 4mm banana plug connections to printed circuit boards
- Right-angle configuration minimizes force required to plug in test leads
- IEC/EN 61010-1 rated with insulated 4mm safety jack for mating with sheathed banana plugs
- Compatible with popular Pomona test lead models 5907A, 5908A, and 5909A test lead sets
- Machined brass

Ratings

Voltage: CAT III 1000V / CAT IV 600V

Current: 24 A
